

Carrollton-Farmers Branch Independent School District Executive Summary Report

Date	District Objective	Agenda Item #
June 2, 2011	Objective 3 – Continuously increase operational effectiveness	III.B.11

Agenda Item: Consider RFP #11-05-171-0 for Student Nutrition – Reimbursable Meal Vending Machines
<p>Summary:</p> <p>This is a defined project contract which will enable the District’s student nutrition program to purchase ten reimbursable meal vending machines which will interface with the existing Nutrikids point of sale system. Each machine is a USDA compliant refrigeration unit capable of holding between 48-96 packaged meals. These packaged meals will be prepared fresh by the Student Nutrition staff at Ranchview HS and will be delivered daily. Meal selections will include salad plates and sandwich plates. Students will be able to pay for their meal by keypad or swiping their student identification card which in turn debits their pre-paid meal accounts.</p> <p>Bea Salazar, Mary Grimes and Early College HS will each receive two vending machines. One machine will serve breakfast items and the other will serve lunch items. This will significantly reduce the labor cost associated with providing meal service for these three campuses with small student populations. Creekview, Newman Smith, Ranchview and R L Turner will each receive one vending machine serving lunch items which will have the net effect of adding a “serving line” without the cost of an additional cashier.</p> <p>Proposals were solicited from three vendors with one vendor offering a pricing proposal. The proposal that met the District’s specifications and offered the best value to the District was offered by VE South. The value of this contract is \$123,650.00.</p>
